

# Silver Surfers' Day Quick Guide

## Tell Us A Joke!

---

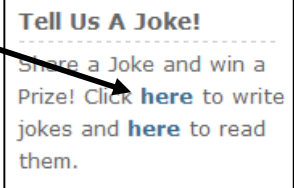

### Introduction

To give everyone a bit of fun for Silver Surfers' Day, we have started a competition for the best joke in the country. It's open to everyone, and it's easy to take part.

### Nine easy steps to telling your joke

1. Go to the Silver Surfers' Day website: <http://silversurfers.digitalunite.com/>

In the right hand column, you'll see a link like this.

**Tell Us A Joke!**  
Share a Joke and win a Prize! Click [here](#) to write jokes and [here](#) to read them.

2. Click on the link to see the **Tell Us A Joke** page.
3. Type **Your Name** in the first box (it does not need to be your full name.). It's what people will see as the author of your joke. Press the **Tab** key.
4. Type the **Name of Your Joke** in the next box. This will appear on the list of jokes. Press the **Tab** key.
5. Type **Your Joke**. You can use the Return key to start a new line and any punctuation. When you have told your joke, press the **Tab** key.
6. You can use a video or a photo as a part of your joke. It will need to be on a website like YouTube or Flickr. All these sites have the facility to Embed or Share content. You'll need to follow the instructions for the website to find the **Embed** code, then simply **Copy** and **Paste** it into the Your Joke box, with any text that you want to add.
7. Type your **Contact email address or telephone number**. We must have this so that we can contact you about your prize if you win.
8. Press the **Tab** key again and then scroll down. You will see a list of **Tags**. These are sorts of joke, and are intended to help people sort all the jokes that we expect to have to find those they like best.

There is a tick next to **Jokes**. Don't touch that.

Click next to the Tag that best describes what sort of joke you've told. That will insert a tick in the box.

If you can't find one that fits, click against **Something else**.

9. Scroll down to the end of the page. There are two buttons.

Preview

Send

10. Click **Preview** to see what your joke will look like.

You can change it at this stage, or go to the bottom of the preview page and click **Send**. Or just go ahead and click **Send** without a preview.

## Happy Joking!
